

# *Institutional Sponsorship Opportunity*

## *\$2000 – \$3000 Annual*

Massachusetts chapter of the Association for Women in Science (MASS AWIS) is a strong advocate of students, members and employees of Boston's Academic Institutions, Biotechs and Pharmas. MASS AWIS has a very close relationship with many institutions such as MIT, Broad Institute, Harvard University, Boston University, BWH, MGH, University of Massachusetts, Amgen, Pfizer, NIBR, Biogen and many others.

Institutions may choose to sustain MASS AWIS via annual sponsorship that will guarantee and leverage special access to MASS AWIS benefits and resources during the fiscal year.

Institutional sponsorship ensures mutual support and close communication between MASS AWIS and the institution's members.

MASS AWIS institutional sponsors will receive:

- Early and special updates on events and programs that are organized by MASS AWIS throughout the year to secure appropriate engagement and attendance.
- Institution's employees/students will receive free or discounted registrations to all MASS AWIS events presented throughout the year.
- Institutions will be acknowledged as sustained sponsors on MASS AWIS website, events and brochures.

The level of the Institutional Sponsorship will guide the amount of registration cost of the sponsors' members. This will be mutually agreed upon by both MASS AWIS and the institution.

For more details please contact the Sponsorship Committee Co-Chairs:

Haifa Ghandour & Karen Yee, email: [sponsorship@massawis.org](mailto:sponsorship@massawis.org)

\*The Association for Women in Science is a 501(c)(3) organization and any donation is tax deductible.
