- Are you a grad student, postdoc, early stage career, nearing the end of your training?
- Wondering about your **next career steps**?
- Would it help to get guidance from researchers with years of experience in **biotech / pharma / academia / consulting / law / scientific writing fields**?

Consider joining MASS AWIS Mentoring Circles program.

What is an AWIS Mentoring Circle?

Mentoring Circles bring together mentors (mid-late stage STEM professionals) with mentees (early career STEM researchers) for a 9-month long, once a month meeting, to discuss and offer guidance on a wide range of topics, from careers in academia and industry to transitioning to careers away from the bench to seeking and maintaining a work-life balance. A mentoring circle consists of 1-2 mentors and 3-6 mentees. Last year we had more than 150 mentors and mentees matched in 24 circles. Many of our mentors have decades of experience in their respective fields and are an exceptional resource for young scientists.

How do I join the MASS AWIS Mentoring Circle Program as a mentee?

- Apply to the program online by filling out the Mentee application by **August 15, 2017**.
- Mentee application link: <https://www.surveymonkey.com/r/mentee2017-2018>
- MASS AWIS membership is mandatory to attend
- Mark on your calendar and attend our **Kick-off Event on 27 September, 2017**
